Lower Fire Rates Are In Sight Now

Survey Under Way As City Gets New Equipment And Makes Improvements

A feeling of added security came over those Sierra Madreans who witnessed the demonstration and drill of their Volunteer Fire Department at Central and Baldwin Avenues last Friday night and who later, at the Masonic Temple, heard the speeches incident to the presentation by the firemen of a \$14,000 piece of fire apparatus to their city.

And there is the joyful prospect, in consequence of these events, of a general reduction in fire insurance rates by the National Board of Fire Underwriters.

It was in the hope that this latter result would be brought about that the firemen conceived the idea of building the latest piece of equipment now on call at the City Hall and caused them to work so tirelessly upon it for nearly 10 months.

A survey is now being conducted by the underwriters to determine whether the hope of the firemen—and the citizens—shall become a reality.

An alarm of fire sent in from Wilson and Grand View avenues about 4 o'clock yesterday afternoon and caused the fire siren to sound, was a part of the survey. There was just enough fire to send up a little smoke and spur the firemen on and it was in a small pile of brush that was fired by inspectors for the underwriters to see how quickly the department could respond to an alarm, how many men would turn out for an alarm and just how long it would take them to bring a stream of water to play on a fire.

Result Is Flattering

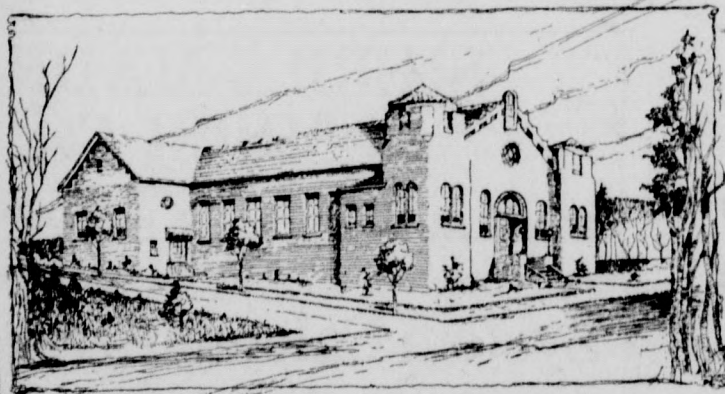

The result of the test was most flattering to the city and its firemen. Seventeen of the 20 men of the department responded to the call. The equipment was at the scene of the "fire" in just three and one fourth minutes from the time the siren sounded the alarm and just four minutes until water was playing on the "blaze."

The survey comes at a most opportune time since the water distributing system has recently been extended and renewed, greater water storage has been added, more fire plugs installed and now the fire equipment equals any and excels that of most cities the size of Sierra Madre in Southern California.

Chief W. D. Richards and Assistant Chief George Norris, Mayor H. C. Reavis and Councilman L. K. Layton, of the fire committee, and Mayhew Davis of the U. S. Forestry service paid glowing tribute to the loyalty of the firemen to the city, the manner in which they have applied themselves to the matter of fighting a fire effectively and the spirit that has caused them to construct and present three pieces of equipment to the people.

Incidentally it developed that they have a working agreement with the firemen of Arcadia and Monrovia by the terms of which the fire departments of those cities will respond to alarms here when called upon and a similar agreement with the forestry service. As a result of these agreements a dozen pieces of fire equipment and 60 men are constantly at the city's service. To be sure the lot (Continued on Page Eight)

READY TO FIX DEDICATION DAY AS TEMPLE AND SCHOOL ARE NEARING COMPLETION

New Temple Beth Israel and School

The building committee of Temple Beth Israel has notified the congregation through A. Platt, its president, that it may prepare for the formal dedication of the new Temple and school building at West Laurel Avenue and Lima street, early in March, the contractor having given assurance that withstanding changes in the plans to secure greater beauty and utility, he will surrender the buildings not later than March 10.

CANADIAN CARNIVAL IN FIESTA PROGRAM

The affiliated Canadian organizations of California, under the auspices of the Canadian Tourists Society, will hold a monster reunion, convention, Carnival Fiesta and midwinter picnic beginning Saturday, February 7th, at the Exposition Park, Coliseum, Los Angeles, open to all free. It will feature sports programs with Olympic athletes and noted gymnasts. Band of music, noted international speakers and election of a young lady for 'Miss Canada—Queen of 1931,' will feature the event. No admission will be charged. Any young lady, born in Canada, can enter for 'Miss Canada,' and the nine highest will be elected as Princesses, representing the 9 Provinces.

Players To Put On Their Best Effort

"Are You A Mason" Is Pro-nounced Their Most Finished Production

Those who saw the Community Players in their final dress rehearsal of "Are You A Mason" at the old Congregational church building last night pronounced the production to be presented in the beautiful auditorium of the grammar school building at 8:15 this evening for the benefit of the local Masonic and Eastern Star lodges as the funniest, most polished theatrical performance ever to be staged in Sierra Madre.

The cast has been intensively rehearsed by Norval MacGregor, a master of stagecraft, until it has reached professional proficiency in its handling of the rapid-fire humor of this famous play.

This is a play written expressly for the tired business man (though all others are welcome). He does not have to think, he just has to laugh and that is made extremely easy for him.

The cast includes many of our well-established favorites and a few who are new to the game in Sierra Madre. The prices have been cut so low that they are practically non-existent and the advance sale of seats is unprecedented.

Every ticket has a souvenir coupon with a picture of the school thereon. Every seat is reserved so you need have no tedious wait before the show if you buy yours early at Hartmans Drug Store.

Daniel Parker has returned to Sierra Madre after an absence of six months.

School Band Begins With 25 Members

Violin Is The Favorite Instrument As Young Players Are Enrolled

Twenty-five children of the Sierra Madre Grammar School have started receiving instruction in the new orchestra organized by Miss Mary Pfahler, musical instructor of the school. With the exception of two they are all beginners at learning to play musical instruments. New children are being added to this group each week, and the school will, as the years pass, have one of the finest orchestras of this locality.

Tom Memoli, teacher of music at the Los Angeles McKinley School for Boys, will give instruction each Tuesday evening on wind instruments and each Wednesday evening on string instruments.

Five clarinets, two trumpets, three saxophones, thirteen violins and two cellos have already been taken into the orchestra and others are being added at each meeting. Gordon Blanke will play a violin, James McAndrew, violin; Billy MacDougall, violin; David Wood, violin; Billy Mays, violin; Billy Adwell, violin; Henry Braumann, violin; Henry Shippey, violin; Shiso Nakagawa, violin; Helen Read, violin; Allan Wood, cello; Margaret Groth, cello; Rudolph Hartman, clarinet; Frederic Bruce, clarinet; Harry Feder, clarinet; George Groth, clarinet; Marshall Collins, clarinet; Mortimer Brandler, saxophone; Eddie Feder, saxophone; Carlyle House, trumpet and Clay Reavis, cornet. Children who will learn to play drums, bells, melophone, double-bass and flutes, will start next week.

By bringing all the children together with class lessons, Miss Pfahler has created in them an incentive that could never be present with the old individual lessons in their homes.

Miss Pfahler wishes to thank the parents for the wonderful response and interest that they have taken in their children's musical education.

The Baxter-Northrup Music company of Los Angeles was awarded the contract to furnish the children with their instruments.

First Class Of 15 Finish In New School

Local Pupils Also Graduate From Wilson High—Honors For Several

Fifteen pupils of the Sierra Madre Grammar School will be graduated to Woodrow Wilson Junior High School at the end of the present school semester. Nine Sierra Madre pupils at the Junior High will graduate there at the same time, stepping into Pasadena Junior College and John Muir Tech.

There will be no graduation exercises at the grammar school on February 6, as the local pupils pass into 7B grade at Wilson Junior High, though parties in honor of some of the graduates will be given here.

Those to graduate are Sammie Bever, Charles Hibbs, Joseph Morgan, Harold Wolff, Amalia Becerra, Florence Gillon, Jeanette Haggood, Mary Honda, Elizabeth Huber, Mary Ellen Huff, Charlotte Keltz, Betty Lou Lasater, Jane Mitchell, Carolyn Morrow and Virginia Stimpfling. Sierra Madre pupils graduating from the Junior High on the same day are Donald Hibbs, Alice Marie Corum, Percy Kortkamp, Edward LaLone, Robert LaLone, Frank Lichnog, Carrie Hora, Billy Wark and Roy Edwards. The graduation exercises will be held in Willard Auditorium February 6.

The following were elected as the new student body officers of the Woodrow Wilson Junior High school on Wednesday: Tyrell Gibb, president; Gwendolyn Gaze, vice-president; and Eleanor Hughes, secretary; Erma Roberts, girls' athletics commissioner; Elizabeth Morgridge, girls' welfare commissioner; and George Pierre, safety commissioner.

Daniel McNamara was elected president of the Pasadena Junior College student body last week, succeeding James O. Scott. He has been Chief Justice for the past semester, and is a member of the Order of Mast and Dagger, an honorary welfare organization open to those only who have rendered distinctive service to the institution.

Jay Cooper, manager of the Baldwin Avenue Safeway Store, spent Thursday in Los Angeles.

Georgious Displays Will Feature 21st National Orange Exposition

C. N. P. A. Service

In a Persian Palace is the decorative theme for the Twenty-first National Orange Show which will be held in San Bernardino February 19 to March 1. A preview has just been held for the benefit of exhibitors and the comment followed that it is the crowning achievement of the builders of the great annual classic in honor of King Orange. More exhibits, more features, more displays, more departments and more improvements will mark the 1931 edition of the gorgeously beautiful exposition. Lucile Schofield, San Bernardino girl, is seen selecting fruit for a special display. Incidentally the National Orange Show is the next major event in California's Fiesta year.

"Pin Your Faith In Red Cross" Slogan For Drought Relief

"Pin your faith to the Red Cross."

These words lettered on a piece of cardboard are to be found on a large Red Cross flag displayed outside of Red Cross Headquarters. On the flag are 75 receipts all calling for donations to the drought relief fund ranging from 50c to \$25.

This means that up to now only 75 people of this city have given to the fund.

Every dollar received for this cause goes to the relief of thousands of sufferers who are in most desperate need. Donations are mailed every other day, so that the vital work of relieving the distress will not be hindered.

A little boy brought in the contents of his savings bank, another a nickel stating that this coin was to be used for the poor people.

Every dollar given now will save three dollars later. The physical resistance of the thousands who are fighting a battle with starvation is lowering every day, disease is creeping in slowly and surely and help is the only remedy.

Your help is needed now. Bring your check to Red Cross Headquarters. The Sierra Madre quota is \$1500 and donations to 9 a.m. on Wednesday amounted to \$3391.15.

MRS. MARGARET COTE IS CALLED BY DEATH

Mrs. Margaret Cote, wife of Jean Cote, passed away suddenly at her home, 340 Ramona avenue, on Sunday evening, at the age of 71. Mrs. Cote was a native of New York, coming to Sierra Madre with her husband six years ago from Dawson, Alaska, where they were married 26 years ago. She is survived by her husband and one son, Frank White, of Los Angeles.

Funeral services were held on Wednesday at 2 o'clock from Ray A. Grant's Funeral home. Interment was held at the Grand View Cemetery in Glendale.

FORMER RESIDENT OF CANADA DIES HERE

Relia Emma Green passed away at the home of Mrs. A. O. Cook, 273 Mariposa avenue, on Tuesday. She was 30 years of age, a native of Canada and has been a resident of Sierra Madre for the past eight years. She is survived by her mother, Mrs. Dora Gerry of Long Beach, and a brother, Arthur Green of Berkeley. Funeral services were held at 11 a.m. this morning from the Church of the Ascension, Laurel and Baldwin avenues. Interment was at Mountain View Cemetery, Pasadena, under the direction of the Sierra Madre Funeral Chapel.

BEACH MERCHANT BUYS CANYON HOME

Sale of the property at 656 Alta Vista Drive, formerly owned by Miss Laura E. Cadmus of Canyon Park, was completed this week. F. N. Harris, furrier of Long Beach, is the new owner, taking possession today.

The house commands a view of the entire San Gabriel Valley and was at one time owned by B. M. Bower, well known author of western stories, who gained inspiration for many of her works here. Miss Cadmus purchased the property less than a year ago from Mrs. Boyd W. Allison who will be remembered here as Mrs. (Chuck) Wells.

Work Of Two Women In Art Exhibit

Canvases Being Hung In "Little Gallery" For Show That Opens Monday

The Mannheim one-man exhibit has left Sierra Madre. The next month's showing in the "Little Gallery," City Hall, will be the work of two of the younger painters—two young women—Thelma Paddock Hope and Ruth Larimer, but whose paintings are constantly being shown in competition and viewed with much favor in all the exhibits and shows.

Both are members of the California Art Club, Women Painters of the West and the Laguna Art Association.

Thelma Paddock Hope is curator of the art section of the Beverly Woman's Club and as an artist and a club woman is vitally interested in the art movement of the Southland, sponsored by women's clubs and civic bodies and of which Sierra Madre is a part, under Mrs. Fred Griebel's direction and the active cooperation of the city council.

Many of the paintings of Thelma Paddock Hope to be shown are life studies of her two small children as aside from her accomplishment as a painter she is a devoted wife and mother, her husband Fred Hope being assistant art director of the Metro-Goldwyn-Mayer Studio. She has the artistic background of the Otis Art Institute, the Chicago Art Institute and was a pupil of Francis Smith.

Ruth Larimer's paintings will include desert scenes, flower studies, High Sierra compositions, several figure groups, bits of English towns and countryside and some impressions from a recent trip to Mexico.

An interesting fact of her exhibition following the master painter, Jean Mannheim is that she studied under him.

Honoring the exhibiting artists there will be a reception Monday evening, February 2, from 8 to 10 p.m., with Mrs. Fred Griebel, now, art chairman, as hostess, and assisting here will be Mesdames E. E. Bacon, H. I. Hawxhurst, H. B. Tuttle, A. J. Dewey and Laura Cadmus. The public is invited to meet the artists at this time. The exhibit will continue throughout February.

GORHARDY HEIGHTS LOT BOUGHT BY ALBRECHTS

Mr. and Mrs. Fred C. Albrecht of 687 West Alegria avenue, have purchased a lot on Fairview avenue of the Gorhardy Heights tract, from Mr. and Mrs. Prosper J. Grevillot.

PICTURESQUE KREBS HOUSE BOUGHT BY THE PLAZA CENTER AS FUTURE CHILDREN'S HOME

The Future Children's Home

The picturesque Krebs property at 72 West Alegria Avenue (Happiness street) has been bought from the owner, Mrs. M. B. Bagley, by the Plaza Community Center of Los Angeles for the Children's Home now located at 247 North Baldwin Avenue. The building is being remodeled to suit the purposes of the institution and will be occupied some time next month.

Mr. and Mrs. C. H. Tuggle have purchased the ranch of Mr. and Mrs. Curt McClellan in Arcadia. They will lease it as income property.

Delay Action On Paving Of Canyon Roads

One Proceeding To Cover Acquisition And The Actual Improvement

A last minute decision to combine the acquisition of rights of way and improvement proceedings in one ordinance of intention covering the Canyon Park paving project delayed presentation of the new resolution at this week's meeting of the City Council. It went over until the meeting of February 11, following an explanation of the status of the undertaking by Engineer Henry Gierlich for the benefit of Canyon Park residents present.

Mr. Gierlich said the Council had not made a decision as to the character of paving to be used in the revised, modified plans which call for elimination of all trails and confining the paving to the main or 20-foot roadways and concave instead of crowned surfaces. The plans, he said, do not call for the acquisition of property except on the four roads to be improved. Curbs and gutters called for in the original plans are to be omitted wherever possible.

C. J. Young wanted to know why the city owned property on which the swimming pool is located was not included in the property to be assessed for the paving job and was advised by Mayor Reavis that it had been omitted because it was public property and, though it draws a rental, is not a source of any revenue to the city.

Failure some years ago to record an order of court vacating certain parcels of land along Montecito avenue have invalidated the proceedings recently revived for the paving of that thoroughfare from Lima street west to the city line and the Council adopted a resolution abandoning the improvement, for which a contract had been awarded. A new resolution of intention is being prepared under the direction of City Engineer Earyl J. Lynde and City Solicitor Phil Dodson and will be ready for presentation at the next Council meeting.

An ordinance changing the name of Live Oak avenue to Orange Grove avenue was passed on first reading. The Council some time ago adopted a resolution to the same effect.

In answer to a communication from the Chamber of Commerce directing attention to the fact that the illuminated signs at Sierra Madre and Baldwin avenues and Foothill boulevard have not been lighted regularly recently, it was stated that clocks regulating the lights are being repaired.

A resolution increasing the salary of Assistant City Engineer Jack B. Hosford from \$150 to \$175 a month was unanimously adopted.

Professor and Mrs. E. P. Pierce of Pasadena, are spending a few days with Mrs. L. E. Steinberger of 529 West Mariposa avenue. They were residents of Sierra Madre and active in the civic life of the community for a number of years while Prof. Pierce was principal of the Sierra Madre School and the family resided at 689 West Central avenue, where Mr. and Mrs. F. D. R. Moore now live. They were among those who purchased land here in 1881.

HELP YOURSELF TO PROSPERITY

Under the title of "Help Yourself to Prosperity," there appeared in this newspaper last week an advertisement sent out by the Los Angeles Chamber of Commerce, backed by chambers of commerce of the county, civic and business men's associations and women's organizations. There is food for thought back of that title. You can help yourself to prosperity by buying the things you need, and buying now.

Much has been said and written about unemployment. The man or woman who is not employed cannot do much buying. But if those who are employed will buy the things they need, and insist on having the goods produced or distributed here, the unemployed will soon be employed and they, too, can buy what they need.

Discussing this subject, A. G. Arnoll, secretary and manager of

the Los Angeles Chamber of Commerce, said:

"There is no other part of the entire country so greatly favored with cheap and abundant power, and with so wonderful a climate, and with such adequate transportation facilities by sea, highway, rail and air. If we all work together, we will soon conquer this feeling of depression and Southern California will be the first section of the Union to regain normal prosperity."

That statement is filled with meat and truth. When people quit feeling timid about buying, and go ahead and purchase the same as they did during the period of prosperity, money will be put back into circulation, there will be increased employment, and everyone will be more prosperous and happy.

PROTECTION THAT IS DUE THE PUBLIC

The hearing conducted by the Federal radio commission in Los Angeles to determine whether a certain radio broadcasting station has been abusing its privileges emphasizes the fact that there is need of more careful supervision and of what goes on the air.

This is essentially true in the matter of commercial broadcasting. The most casual attention to the selling programs released by some stations will convince an impartial listener that false and exaggerated claims are habitually presented over the air. Boulder Dam sub-divisions, Texas oil leases, miraculous medical discoveries, anything and everything are presented in superlatives which reek with high-pressure salesmanship. The radio has opened a new avenue of approach to the sharper and the slick salesman which is disastrous alike to the investor and to legitimate business.

It may be of more significance that the Beesmyer building and loan organization spent many thousands of dollars over the air convincing investors of the safety and probity of that institution. It is at least a sample of some of the publicity that goes forward through broadcasting stations.

It would seem that the legislature might properly take steps to enforce on broadcasting stations the same measures that are enforced against newspapers and private citizens. The elimination of dishonest advertising is a matter of interest to every commercial institution in the state.

Jack Young, a student of Pasadena Junior College and son of Mrs. Herbert Clark of 261 Adams street, had the misfortune of breaking his ankle last Thursday.

OFFICERS ELECTED AT ANNUAL MEET OF STATE'S PUBLISHERS

With "Know Your Own Newspaper" as its theme, the 43rd annual convention of the California Newspaper Publishers Association was held at Stockton from January 15 to 18. It was the association's second meeting since it became a state-wide organization in 1929. More than 250 California newspaper publishers and their families were in attendance.

Business sessions of the convention, which followed strictly to the theme "Know Your Own Newspaper," were designed to get every worker on newspapers in California—from the printers and copy kid to the general manager or publisher—to "know his own newspaper" as the biggest most influential, and most useful industry in the community. Plans were devised at the Stockton meeting to "sell" this knowledge to the general public with whom the newspaper man comes in contact. Too many people, including newspaper people themselves, take their home town newspaper for granted and the publishers of California's leading daily and weekly newspapers aim to correct this evil.

At this session Saturday afternoon, H. R. Judah, co-publisher of the Santa Cruz Daily News, was elected president of the C.N.P.A. to succeed Ford A. Chatters of the Lindsay Gazette. Other officers elected were Carroll H. Smith of the La Mesa Scout, first vice-president, and J. Sherman McDowell, Alameda Times-Star, second vice-president. John B. Long, Los Angeles, is general manager of the association.

Mr. and Mrs. V. A. Udell, who have been residing for the past few months in La Habra, have returned to Sierra Madre and are residing at 154 San Gabriel Court.

Favorite Dishes Of Sierra Madreans

BECAUSE it is so simple, B quickly made, delicious and permits of such great variation, Fruit Meringue Glace is one of the favorite desert recipes of Mrs. Harriet Parsons, of Sycamore Place. It is exceptionally good made with strawberries, red raspberries, apricots, ripe peaches or other fruit in season, including oranges or oranges and bananas, the latter two being good in combination.

Chop or crush a quart of fruit fine or into a pulp and cover with a pint of sugar. Pour on this a half pint of cold water and the unbeaten whites of five eggs. Mix and turn into a freezer. The grinding process will whip the contents into a foamy, delicious surprise. The juice of one or two lemons adds to the flavor with some of the fruits that may be used—particularly with the berries.

TWO STATES PLAN MIDWINTER PICNICS

Under the auspice of the Federation of Ohio State Societies, all who ever lived in Ohio are invited to meet for the great picnic reunion, all day Saturday, January 31, in Sycamore Grove Park, Los Angeles. Twenty thousand persons are expected.

The annual Minnesota Picnic for Southern California will be held at Bixby Park, Long Beach, on Saturday, January 31. All Minnesotians and their friends are invited.

AUTOMATIC... but appetizing as Grandmother's Old-Fashioned Cooking

WE SIGH SOMETIMES (at least men-folk do) for the delights of old-fashioned cooking. We do not recall (at least men-folk don't) all the ordeals that old-fashioned cooking entailed... for the cook.

But now we can please him and also humor ourselves, (speaking of the womenfolk now) for the most modern method of cooking, which is automatic and electric, produces results as ravishing as those secured in Grandmother's old-fashioned kitchen... and even he wouldn't want to go back farther than that.

Ask your electric dealer about it. Ask to see the smart new models in

modern automatic electric ranges. Ask about the very convenient purchase plan, which includes a liberal allowance for your present range. As a modern woman whose men-folk are likely to go cave-man at meal-time you owe it to yourself... and to them.

Along the Paths of Yesterday

A History of Sierra Madre from the files of THE NEWS.

FRIDAY, January 28, 1927—

The will of Dr. John M. Lee, former resident of Sierra Madre, who died in Eagle Rock, disposes of an estate valued at \$200,000. Col. John Borradaile passed away on Tuesday at his home on East Grand View avenue.

FRIDAY, January 27, 1922—Midyear graduates to receive diplomas from the grammar school this week were Alice Elmer, Billy Sommer, Marie Jenkins, Earl Marsh, Leon E. Stanley, William Turner, Marjorie Darling, Betty Moore, Herschel B. Calvert and Alfred Reitherman.

J. B. Coulston was reelected president and W. I. Allen of the Sierra Madre-Lamanda Park Citizens Association at Tuesday's annual meeting.

FRIDAY, January 26, 1917—A bitter local election has been avoided by the withdrawal by Mrs. Collins of her application for a license to sell liquor.

A lively session of the town trustees called to pass upon an ordinance requiring removal of all

trees growing in the streets between curbs finally resulted in a decision to remove one tree on Central avenue near Lima street. Many citizens spoke on the subject—some vehemently.

FRIDAY, February 2, 1912—"Lucky" Baldwin's vast sporting establishment in Arcadia went up in smoke when the grandstand and stables of his Santa Anita race track were completely destroyed by fire Wednesday night.

FRIDAY, January 31, 1907—Nine candidates have been nominated for the board of trustees. They are: C. W. Jones, J. Kraft, S. C. Camp, J. C. Pegler, N. H. Hosmer, W. S. Andrews, A. Carter, J. A. Osgood, A. D. Hawks and J. G. Blumer, the latter withdrawing his name because he believed the town incorporators have not been fairly dealt with.

Hundreds of sleds passed thru the city this week on the way to Mt. Wilson where there is an abundance of snow on the toboggans.

KIWANIANS HAVE FUN GALORE AT CHARTER NIGHT CELEBRATION

Sierra Madre Kiwanians and their wives were entertained on Tuesday evening at the Woman's Club House with a dinner to celebrate the fourth Charter Night Anniversary of the local club. Following a sumptuous repast, Charlie Klunk gave a short history of the Sierra Madre Club, recalling the charter members and first officers of the organization.

The Kiwanians were next entertained with a piano solo by Miss Scott, a pupil of Prof. Gustav Rihard, which won liberal applause. The evening's program included several clever stunts conceived by Vincent Fleming, including a "Vincent-passing" contest and a "cracker-eating-whistling" contest, for which prizes were awarded to the winners. Charlie Klunk and Mrs. R. C. Copenhaver were the winners of the lemon contest; while Doctor Peterson was unquestionably winner of the cracker contest, though there may have been some doubt as to the authenticity of the tune he whistled. Following this sides were chosen for an old fashioned "spelling bee" and Mrs. J. B. Hosford was the last remaining contestant.

Buy Children's Home

(Continued from Page One)

Home was received several years ago and this amount has been added to at various times since then. The price paid for the Krebs property leaves an unpaid balance of \$9,000.

Sierra Madre has proved so desirable for the purposes of the Children's Home in the six years that it has been located here that there has never been any disposition to take it elsewhere and members of the board and staff have received many congratulations from friends on their selection of the property at 72 West Alegria with its interesting big house and grounds—four lots in all.

Over seven years ago The Children's Home was organized as a part of the program of the Plaza Community Center of Los Angeles. It is meeting a long-felt need in providing Christian character-training for orphans and half-orphans of Protestant-Mexican parents.

Children are received into this Home between the ages of three and ten. The boys remain until they are 14, and then are placed in a suitable home or school to complete their training. The rules for the girls are a little more elastic. They will possibly remain until they are 16 or 18.

At a recent meeting of the Advisory Board it was decided that the number of children cared for at any one time should never exceed 30, hence keeping the institution here homelike.

Every effort is made to help the children feel a personal responsibility in the life of the Home and Community. There are three news boys in the group, who have taken the responsibility of clothing themselves, and also saving a small amount each month. The older girls care for children from time to time and earn their own spending money.

Rev. A. O. Pritchard, Mrs. E. A. Pratt, Mr. and Mrs. E. E. Bacon, Mr. and Mrs. Harold D. Carew, Mrs. Herman Hall and Mr. and Mrs. N. W. Tarr were sponsors of the reception at the Pratt home on Friday.

Children of the Home presented a varied program with group songs in Spanish and English, piano solos by three of the children who have been under Mrs. Myrtle Hill's splendid direction for the past year or two. The baby duet and the male quartet were other numbers of interest, also a Spanish dance in costume.

At the close of the children's program, Dr. Pritchard presented Dr. Gilliland, who gave a brief history and outlined future ideals for the Home.

Speed Accidents Cost Most Lives

Indicative of the fact that excessive speed is a contributory cause to fatal motor accidents, the California Highway Patrol today made public the results of a survey showing that while more accidents occur in cities of the state, the percentage of deaths in the rural districts on the open road is greater than in the cities.

Pointing out that the greater the speed, the greater the chance of death if an accident occurs, the patrol's survey shows that although 50.8 percent of all fatal motor accidents occurred in cities during the last two years, these accidents account for but 48.9 percent of the total number of persons killed.

On the rural roads, where the motorist is tempted to exceed the speed limit, 49.1 percent of the accidents account for 51 percent of the deaths.

UNEMPLOYED MEN AT OROVILLE TRY GOLD MINING; NOT SO BAD

Unemployed men are now panning for gold to earn a living in the foothills east of Oroville.

With nothing but a hunch for mining, about 30 men got out their gold pans, rockers and sluice boxes and got busy. They are panning in the tailings left by miners of '49.

Most of the workers are making fair wages. Some of them earn from \$4 to \$5 a day. Others, not so expert, make from 75c to \$1 a day.

Gwendolyn Gaze has been home with friends at Long Beach, Ill. this week.

Announced by Gilmor Brown as a special attraction in observance of National Drama Week, in which professional and art theatres of the United States will participate from February 8 to 14, Harrison Ford, screen star, and Frances Starr, distinguished actress of the American stage, will be guest artists in the production of Sir James M. Barrie's "What Every Woman Knows" at the Pasadena Community Playhouse, February 5 to 14.

National Drama Week is sponsored by the Drama League of America, groups of which in each city, are preparing programs in connection with the week which include presentation of special plays by community and school groups, readings of plays, talks by playwrights and artists and others associated with the theatre, and

the broadcasting by the National Broadcasting System of scenes from current plays in New York. Harrison Ford, who is a member of the play selection committee of the Pasadena Community Playhouse, will play the role of John Shand in "What Every Woman Knows." Frances Starr will play the role of "Maggie"—a role which was played recently by Helen Hayes in a New York production and by Maude Adams in New York and on a tour of America some years ago.

To the Patrons of— ADOHR MILK AN OUTSTANDING RECORD

THIS is the time of year when annual reports are issued and an accounting given for accomplishments of the year just past. To the more than 200,000 users of Adohr Milk in Los Angeles County is brought here its 1930 record...a record so completely justifying their confidence in the outstanding quality of Adohr Milk as to make any embellishment of the facts superfluous.

During 1930 Adohr Certified Milk was tested in 24 regular certified milk contests conducted by health departments of the various communities in Los Angeles County. *It was scored highest in 20 of them.* Adohr Grade A Pasteurized Milk was tested in 19 pasteurized milk contests and *scored highest in 13.*

In the Los Angeles City area, where there are five certified milks and 37 pasteurized milks, the two grades of Adohr Milk scored highest in the respective classes in both contests held in 1930.

These surprise contests are a part of the regular

ular routine of health department milk inspection service. Over a period of several months samples are picked by the inspectors from the delivery routes...without previous notice. They are tested for quality and cleanliness in the health department laboratories. The average of many samples determines the final score.

Because this record is based on a series of tests of the regular daily production of milk used in your home...because samples are taken and tests are made by public officers in their line of duty...and because the results of these tests—for an entire year—in comparison with every other kind of milk sold in Los Angeles County, show such an overwhelming superiority for Adohr Milk...we say once more...with pride in having earned your confidence...that grade for grade it is as clean and wholesome and pure as milk can be produced...and that as an Adohr Patron you are buying integrity and dependability as well as America's Finest Milk. * * *

Sierra Madre, California

Here and There

By H. L.

Lt.-Col. Henry B. Hersey, air-service, Officers' Reserve Corps and of the United States weather bureau, Los Angeles, lives in Sierra Madre, believes in Sierra Madre and when opportunity offers, as happened Christmas week last, speaks up for Sierra Madre. His first-page congratulatory letter on the water allotment from Big Santa Anita Canyon, a present to this community by the State Board, was clear, to the point, and rather exultant, because Col. Hersey knows that water is "life" here, and that an ample future water supply is the greatest gift this little city could receive. He accordingly said so, and wrote it, and the NEWS printed it conspicuously as was fitting.

In that communication, mention was made of a good citizen frank enough to tell Col. Hersey that he (the good citizen) didn't want Sierra Madre to grow—meaning either in population or in size. If it is size, we all agree. If it is population, that's different. The new community school for elementary pupils, aged six to eleven carries a debt of \$210,000, and has almost double the capacity used this term—it will care for say 600 pupils, and has about 350. There are daily some absentees, as is true of any school. So, it may be said the school is half-used, at present, but interest runs merrily along on the debt contracted to build with.

Now, \$210,000 is a large sum, and when the bonds are all paid off the money to redeem them will have mounted to \$400,000. That is what Sierra Madre has to pay, for the bonds are a lien on comparatively little outside property—mostly vacant land without water (the Hastings rancho) which is possibly destined never to be annexed—certainly not annexed now, or soon. Sierra Madre Villa people also are in the district involved in this debt, but not so willingly as might be desired. The likelihood is, however, that no board of supervisors of the future will rescind the action of the present board which last week refused release or a transfer to Pasadena School District to Sierra Madre Villa. Residents there must help pay the big school debt—amply justified by the magnificent building and equipment, but a big debt nevertheless to taxpayers.

That debt can be cut in two easily enough, so far as present residents and property-owners of Sierra Madre are concerned.

The easy way is to double the houses here filled with contented people, proud of this city, glad to live in such a superior environment, amid such beauty, where there need be no ugly out-door thing, inert or growing. All can be as fine as the blessed hills that inspire our writers (there are

many here) every day. Los Angeles contains today a full number of people of the sort wanted here, congenial citizens sick of metropolitan traffic, noise, smoke, and high cost living. One is not forever reaching into a change pocket here for street cars, taxis, shins, tips, movies, and the hundred and one other petty expenses of city life for every member of the family who goes about at all. 'Tis a great saving, for all those little costs soon make "a muckle," as the Scots say.

Surely, whoever the good man may be who told Colonel Hersey that Sierra Madre was "big enough" does not want to pay taxes excessively when he could have congenial neighbors to help with the burden of "paving off school bonds," whether the newcomers who build here have any six to eleven-year-old children to attend the school or not. School taxes are paid by property owners, whether married or unmarried, whether childless or with a quartette of sturdy boys like the man who named Sierra Madre "Ourville." He will pay his taxes with a smile. Others will pay taxes, whether able to smile about the cost of the school or not. Nothing is more certain than "death and taxes."

This "Here and There" column is not interested in knowing just what man it is who does not want more people here, but hopes in the interest of his pocket-book or purse, or bank account, that he speedily changes his mind. That school debt must be paid and out of taxes. The school is not going to cost much more when 600 pupils attend instead of the present enrollment of 360. The space is there, the equipment is there, and more teachers can be secured and be underpaid as all of them are. Teachers are never paid enough. It's impossible so to do. Education is more valuable than inheritances, for money can be lost; but education can always regain lost money.

To cope with this new mechanical era of autos, airships, radios, electric contrivances, the National speed, only those with education will in the future (generally speaking) succeed in life as it must be lived in modern America. All right, Sierra Madre has the plant to teach the young and prepare them adequately for higher grades, as is proper, just and fair, Sierra Madre, according to ex-Mayor Myers, has room for 30,000 people in its present city limits without crowding when all unbuilt upon lots and acreage finds the highest and best use possible under present building restrictions. In other words there is room for ten where but one is now—right here without annexing a foot of new land.

The school would take care of say 10,000 general population. When 10,000 are here, school taxes will be divided among more than twice as much improved property, in residences, as now beautifies this city, and then there will still be room for 15,000 to 20,000 more people, to be conservative, ahead of any undue crowding.

Undesirable residents will not come here, buy and build permanent homes, for there is nothing to hold them here. The poor, medium well-fixed and rich who enjoy peace, quiet, little traffic, beauty, rest, sunshine, birds of passage and home birds, butterflies, flowers, trees and mountain views of rare beauty where health should reign till old age ends all earthly joys, will come and come gladly, and buy and build and be happy here, IF ADVERTISED FOR INTELLIGENTLY. They will be exactly the sort of people who are now here, and that ought to suit us all.

Mr. and Mrs. John Gouling of Victorville, spent four days last week at the home of Mr. and Mrs. W. E. Craig, 222 Mariposa avenue.

WHEREAS, RUTH GREY SMITH, a single woman, by Deed of Trust, dated September 28th, 1928, and recorded November 7th, 1928, in Book 8819 of Official Records of Los Angeles County, California, at Page 305 et seq., did grant and convey that certain real property hereinafter described, to Security Title Insurance and Guarantee Company, a corporation, as Trustee, to secure, among other things, one promissory note in the aggregate sum of ONE THOUSAND and NO-100 (\$1,000.00) Dollars, with interest thereon at the rate of twelve per cent per annum, payable quarterly in favor of WILLIS A. LUCE and FANNIE A. LUCE, husband and wife, as joint tenants, also to secure any other sum of money which might become due and payable under the terms of said Deed of Trust; and

WHEREAS, Default was made in the payments due upon said note and obligation, in that the following items were not paid when due, and still remain due, owing and unpaid:

Entire amount of principal due September 30, 1930; and interest thereon from December 30th, 1929; there being the principal sum of \$1000.00 now owing and unpaid upon said note, together with interest, advances, costs of sale and trustee's fees; and

WHEREAS, Said Deed of Trust provides that after three months shall have elapsed following such recordation of said notice, the Trustee, without demand, shall sell said property as therein provided;

NOW THEREFORE, Notice is hereby given that by virtue of the authority vested under said Deed of Trust, said Security Title Insurance and Guarantee Company will sell at public auction to the highest bidder for cash in gold coin of the United States, on Friday, the 27th day of February, 1931, at the hour of 9:30 o'clock A.M., at the Broadway entrance to the County Court House, in the City of Los Angeles, County of Los Angeles, State of California, the interest conveyed to said Trustee by said Deed of Trust in and to the property therein described, situate in the City of Sierra Madre, County of Los Angeles, State of California, described as follows:

Lot One (1) of Tract Twenty-one Hundred Seventeen (2117), as per map recorded in Book 21, Page 173 of Maps, in the office of the County Recorder of said County;

or so much thereof as shall be necessary to pay all sums due and unpaid or to become due, secured by said Deed of Trust, subject,

however, to any and all prior liens and encumbrances.
Dated January 30, 1931.

Woman's Club Notes

By MRS. WAVERLY E. PRATT Press Chairman, Woman's Club

MME TAKANE NAMBU and Mrs. E. Theth Harkness gave the program for the Sierra Madre Woman's Club on January 28.

Mme. Nambu, young Japanese soprano, who has been in America only six years, was with the Philadelphia Grand Opera Com-

pany for three years and is called the "Japanese Nightingale." She possesses a rare voice combined with a charming personality and was enthusiastically received by the large audience.

She first sang in Italian, "One Fine Day," and the "Death Aria" from the opera "Madam Butterfly" and a "Japanese Love Song." For her second group she sang Japanese songs in her native tongue. (a) Kinniarmonia, (b) Sakura, (c) Yakkasan.

Mme Nambu delighted the audience with a picturesque Japanese dance while singing "Yakkasan," and graciously responded to the many encores. She was ably accompanied by Mrs. Myrtle Hill at the piano.

Mrs. Harkness, who is president of the University Book Club at U.S.C., gave an interesting lecture entitled, "Serious Gestures," in

which she presented humorous writers of America.

At the close of the program the artists were presented with lovely bouquets and tea was served in the tearoom. Laura E. Cadmus had charge of the program.

TO ENTERTAIN STATE

AND DISTRICT OFFICERS February 12 is the regular Reciprocity Day when state and district officers and club presidents will be entertained by the Sierra Madre Woman's Club. Fifty invitations have been issued and a large number of out-of-town guests are expected. Club members are requested not to bring local guests to luncheon on that particular day.

WORKS OF WOMAN PAINTERS FEATURE NEXT ART EXHIBIT Thelma Paddock Hope, art curator of the Beverly Hills Woman's Club and Ruth Larimer, both members of "Women Painters of the West," will exhibit at the Little Art Gallery during February. A reception will be held for the artists at the Gallery on Monday evening, February 2, at 8 p.m., when refreshments will be served by Mrs. Fred Griebow, chairman.

PLANS FOR WISTARIA FETE ARE IN THE MAKING NOW The board of the Sierra Madre Woman's Club met with the president, Mrs. E. E. Bacon, in the Osgood Room. Mrs. Georgia West and Miss Muriel West of 470 West Highland were received as new members. Plans for the Wistaria Fete are now formulating, and an interesting and unusual Fete is being planned.

INTERESTING PROGRAM FOR

SIXTH COUNCIL MEETING The sixth Council for this club year will be held Wednesday, February 11th, at the Highland Theatre, 5600 Pasadena Avenue, Los Angeles. The hostess club will be the Highland Park Ebell. This is the home club of our State President, Mrs. W. W. Slayden, who will give us a greeting. Miss Josephine Seaman, vice president of the State Federation, will also address us on "The Significance of International Institutes."

The departments to be featured will be:

Public Health, Dr. Elizabeth Mason-Hohl, chairman, who will present as her speaker Dr. Nadine Kavinsky, Supervisor of the Mothers' Clinic of the Los Angeles County Health, Department whose topic will be "Problems of Modern Mothers."

Home Gardens—Miss Judith Walrend Skinner will speak on "Gardening as a Vocation for Women."

American Home—Dr. G. B. Carpenter, pastor of Throop Memorial Church of Pasadena, will talk on "What Has Happened to the Home?"

Radio—Mrs. J. Hokom, chairman, will introduce Eddie Albright of station KNX. Music will be provided by the chorus of the hostess club of which Mrs. O. J. Hill is the chairman and Mrs. Charles Oden the director. They will be accompanied by Theta Lynn Van Dugteren. Mrs. Van Dugteren will also give an organ recital from 12:30 to 1 o'clock.

CLUB NOTES

Owing to the closeness of Reciprocity Day there will be no bridge-tea held during the month of February.

Please give all Penny-a-Day banks for the Foundation Fund to Mrs. John H. Robertson, Federation Secretary.

The Department of Gardens will meet with the chairman, Miss Mary Potter, in the Osgood room, February 2 at 2 o'clock, when the study of roses will be continued.

Mrs. John H. Robertson, junior advisor, Virginia Roess, Dorothy and Elsie Lichnog all attended the Reciprocity of the South Pasadena juniors who entertained Junior Clubs of the Los Angeles district.

MISSIONARY FROM

VENEZEULA TO SPEAK George Jackson of the Orinoca River Mission in Venezuela, will be the afternoon speaker for the Bethany Missionary Society next Tuesday, February 3. The meeting will begin at 10:30, but will be preceded by a prayer service at 10 o'clock, to which all interested are invited. Following the business session, the current events will be brought by Mrs. W. A. Evans.

At 1:15 Mrs. Pearl Dressler of Pasadena will bring the devotional message. A cordial welcome awaits every one. Luncheon will be served at noon in Bethany Hall.

In A Social Way

Mrs. Louise Roe of 288 Mariposa avenue, entertained on Thursday evening Mr. and Mrs. William Raber and Mr. and Mrs. William Trickle of Chicago.

Mrs. M. A. DeTemple of 390 West Central avenue, entertained Mr. and Mrs. Claire Arant and Mrs. J. M. Beeson of Pasadena, at her home on Sunday.

Mrs. Vera W. Stewart entertained at her home, 233 Santa Anita Court, on Sunday. Guests were Frank Woods of Ontario, and Mrs. M. Mary Woods of Englewood, N. J.

Mr. and Mrs. R. C. Copenhaver of 282 Mariposa avenue, were host and hostess at dinner on Sunday. Guests included Dr. and Mrs. H. G. Anderson of Hollywood and Mr. and Mrs. William Michael of Long Beach.

Honoring her husband's birthday, Mrs. Clark C. Chapman entertained a family gathering of 12 last Sunday at a picnic at her home, 472 East Central avenue. Guests were present from Los Angeles, Alhambra, Pasadena and Sierra Madre.

Patricia Maria Stark, daughter of Mr. and Mrs. Halworth Stark of 320 Grove street, will become the bride of Wallace Edward Ryan, son of Mr. and Mrs. Daniel Ryan of Altadena, on Sunday, February 8, at 3 o'clock, at Bethany Church. Rev. William Duncan Ogg will read the service.

Madam Marion de Beaulieu entertained on Tuesday evening at her home, 125 East Mira Monte avenue, with a delightful dancing party. Refreshments were served at midnight, the guests including Mr. and Mrs. J. Sheridan and two sons, Mr. and Mrs. T. Harkness and son of Glendale; Mr. and Mrs. Fred Griebow, Mr. and Mrs. John H. Robertson, Mr. and Mrs. Floyd, Cynthia Hull, Margaret Daugherty and Frank de Beaulieu, of this city.

Mrs. Mae Tomlinson of New York City is a guest at the home of her daughter, Mrs. Leslie Gaze, 463 Mariposa avenue. Mrs. Tomlinson arrived last Wednesday and will spend several months here.

Blake Manning of 650 West Montecito avenue, has been ill at his home since last Friday.

RAMADA LUNCHEON FOR WOMANS SOCIETY

The Woman's Society of the Congregational Church will gather at 12:30 on Tuesday, February 3, in Mrs. N. W. Tarr's Ramada at 274 West Montecito avenue, for their regular social meeting. Should the weather be unfavorable, the meeting will be held in the home. Dr. Adda Brady, Black 191, will take the reservations and the ladies are requested to bring sandwiches and a hot dish and coffee will be served by a committee consisting of Mrs. Hortense Hill, Mrs. M. J. Thompson, Mrs. F. H. Hartman and Mrs. J. M. Campbell. It is suggested that the ladies bring their own sewing as there will be ample time for this before the auction, which will be directed by Mrs. William Middough. Members and friends of the society are invited, especially the new members and newcomers in the town.

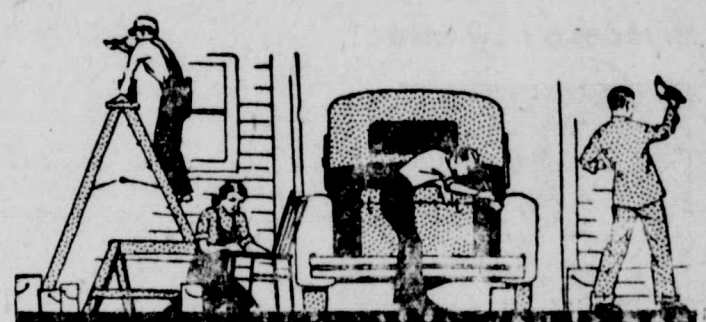

Harold Keltz has been ill for several days this week.

A group of local women attended the Institute on Water and Power given by the Living Cost Committee of the League of Women voters last Wednesday at the Friday Morning Club. In the party were Mrs. W. F. Thayer, Mrs. John H. Robertson, Mrs. R. O. Caukin, Cricket Caukin, Miss Samuels, Mary Potter, Mrs. W. R. Lees, Mrs. W. J. Lawless, Mrs. Sally Boaz, Mrs. G. A. West and Muriel West.

FORD SMOOTHNESS

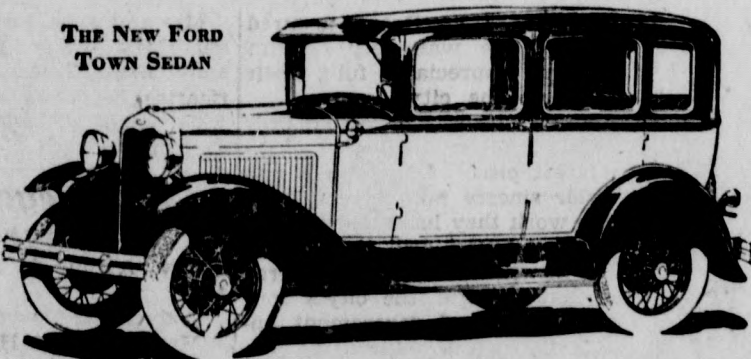

The new Ford has more than twenty ball and roller bearings

EVIDENCE of the high quality built into the new Ford is the extensive use of ball and roller bearings. There are more than twenty in all—an unusually large number. Each bearing is adequate in size and carefully selected for the work it has to do.

At some points in the Ford chassis you will find ball bearings. At others, roller bearings are used regardless of their higher cost. The deciding factor is the performance of the car.

The extensive use of ball and roller bearings in the new Ford insures smoother operation, saves gasoline, increases speed and power, gives quicker pick-up, decreases noise, and gives greater reliability and longer life to vital moving parts.

Other outstanding features that make the new Ford a value far above the price are the Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, three-quarter floating rear axle, Rustless Steel, the extensive use of fine steel forgings, and unusual accuracy in manufacturing.

The Cherimoya or Custard Apple bears fruit that are most delicious. It is peach-like in consistency, with a strawberry flavor. You will want a cherimoya among your collection of fruit trees.

The Sapote or Mexican Peach bears a fruit that is quite well known in Sierra Madre as there are several very fine bearing trees here. It has a bitter-sweet flavor that is very much liked by most people. The tree does not come into bearing until it is about six years old.

Variety Lends Zest

The strawberry guavas and pineapple guavas or Fiejoas are bush-like in growth and can be used as hedges or massed for ornamental plantings. The fruit is splendid for jelly or can be eaten raw. Several of these plants should be planted in the garden for it will take that many to produce enough fruit to make a quantity of jelly. They will bear very soon after planting. The natural plum or carissa grandiflora can be classed with the guavas as it is an ornamental shrub and bears a guava-like fruit.

There are a great many varieties of peaches that are worth growing but for those who only have room for two or three varieties, it is best to plant trees that will bear in different months during the summer. For June there are Saucer, Early Imperial and Alexander; for July there are George IV and Early Crawford; for August, J. H. Hale and Elberta; for September, the Salway, and for the late fall, there is Miller's Late. Peaches will begin to bear the second year after planting.

One apricot and one nectarine are generally enough for the home orchard.

Plums do exceptionally well here in Sierra Madre and there are many good varieties; the best of which are Santa Rosa, Satsuma and Duarte.

How To Plant Them

There is only one variety of apple that seems to do well here and that is the Winter Banana apple. They really bear good crops and are very good eating and also good for cooking. They ripen in September and October. I do not know why they are called Winter Bananas when they are a fall fruit. Quinces bear well here but should not be planted if you do not care for the fruit. They make a large tree and bear a large crop.

The Bartlett Pear does medium well and I would not advise planting unless you have spare room for you will not always have satisfactory crops.

Figs are very worth while growing here. You should have at least two trees, one of the Black Mission and one of the White Kadota. They will begin to bear almost at once.

Japanese Persimmons are another fruit that should be in every garden. They bear well and the fruit is always high priced in the markets. The Hachiya variety is the best flavored one. It is large and pointed at the end. Another good Persimmon is the new Fuyu which can be eaten while still firm, like an apple.

Walnut trees do well here. The

Wistaria Fete Is Just Around The Corner Now

There was a reminder that Sierra Madre's great annual festival—the Wistaria Fete—is just around the corner when a communication from Mrs. Louise Hammond Green was read at Wednesday's meeting of the City Council. On behalf of the Woman's Club Mrs. Green inquired whether the City's usual financial support of the Fete could be counted upon this year. It was, of course, impossible to fix the date for the opening of the event which is controlled largely by the weather and the consequent time that the wistaria come into bloom. Mrs. Green's communication was referred to the finance committee and will be acted on later.

variety, Plentia Perfection is the best variety for this locality. Walnut trees require more room than most fruit trees, so I would only advise those who have large lots to grow them.

Plant deciduous trees about 16 feet apart; Avocado trees about 18 to 20 feet apart; and walnuts about 25 to 30 feet apart.

FINGER PRINTING OF SALESMEN AND PEDDLERS PLANNED

At a meeting of representatives of cities of the San Gabriel and Pomona Valleys at La Verne, solicitors of several of the cities were ordered to prepare an ordinance to protect housewives against transient salesmen and solicitors. When the document is drawn and agreed upon it is to be adopted by all of the towns represented in the inter-city conference.

As tentatively agreed upon the ordinance will specify that when solicitors come to a city they are to subject themselves to fingerprinting and an investigation. Several days may elapse before the police will be able to give the applicant an identification card. When a card is given, it signifies that the man's police record is clear and that his wares or propositions are not fraudulent.

Mrs. Charles Doyon and daughter, Maryowen, and son, Ransom, of Doyon, N.D., are visiting Mrs. Mary D. Goodfellow of 41 East Grand View avenue.

"WHERE HIGHWAYS MEET, BE DISCREET," IS SAFETY SLOGAN

"Where Highways Meet, Be Discreet."

Such is the euphonic and thought-provoking slogan adopted in the state-wide educational campaign of the California Committee on Public Safety for this year. The moral of the phrase is that too many automobile drivers are failing to yield the right of way at highway and street intersections and that the toll of serious accidents caused by this mistake is tragic and tremendous.

Gradual Tapering Off Of Warm Spell; No Rain In Sight

There will be a gradual tapering off of the early summer weather Sierra Madreans have enjoyed during the last week or so. Col. H. B. Hersey said at their U. S. weather observatory this morning. Tomorrow, for instance, will not be quite as warm as today, and Sunday will not be quite as warm as tomorrow. But it will continue fair. In fact there is not now any rain in sight, though Col. Hersey explained that at this time of year rain might come in off the Pacific on short notice—in 48 hours or less. But the prospect of a rain over the week-end just isn't.

SIX NATIONALITIES ATTEND SERVICES HERE

Six Nationalities were represented in a delegation of students from Pasadena Pilgrim Bible College that attended services at the Pilgrim Church here last Thursday night. The visitors gave personal experiences in their lives that brought them to Christianity and there were musical selections by a quartet of young women from the college. A group of young people from East Pasadena Pilgrim Church with A. Hampton, scoutmaster of the Boy Scouts, also joined in the service at the local church.

FIRE RATES (Continued from Page One)

cal department is on call by the other cities.

Men Given Credit

Mayhew Davis gave the Sierra Madre department most of the credit for bringing the great forest fire of 1924 in Big Santa Anita canyon under control. He paid high tribute to the efficiency of the personnel and equipment of the department declaring that with its latest addition in the way of equipment it is not excelled by a single small city within his knowledge.

Chairman Layton of the Councilmanic fire committee predicted the hope of the firemen that their efforts would materially contribute towards a reduction of the insurance rate would be realized.

Chief Richards, on behalf of the men who built it, presented the fine new piece of equipment to the city. He explained that each of the four pieces of equipment now owned by the city is designed to meet a particular purpose. It is all built around the big LaFrance pumper, capable of pumping 750 gallons of water a minute. This piece carries an 80-gallon water tank from which water is pumped for small fires that do not require hose to be attached to the fire plugs. It also carries a thousand feet of two and one-half inch and 300 feet of one and one-half inch hose.

The first aid and emergency equipment built by the firemen more than a year ago is designed particularly to render first aid and to combat grass, automobile and small fires. In addition to its complete first aid equipment it carries a portable pumper and 500 feet of 1½ inch and 300 feet of 1 inch hose and is capable of rendering splendid service in the event of a forest fire.

Uniforms on Parade

The "goat" or forest fire piece of equipment that is stationed in Canyon Park is particularly fitted for forest fire work. It is outfitted with shovels, axes, gloves, heavy shoes and other equipment for 50 men.

The sparkling new piece is a combination of ladder, chemical and hose cart. In addition to its ladders, capable of topping any building in the city, it is equipped with 60 gallons of chemical and apparatus, 500 feet of 2½ and 250 feet on 1½ inch hose, clean up implements, tools and a limited first aid outfit.

Before beginning his speech accepting the new equipment on behalf of the citizenry Mayor Reavis demanded that the 20 firemen—new uniforms and all—should march to the front of the hall. They brought a roar of laughter and applause when the elongated "Shorty" Steinberger and the rather diminutive Frank Lovell headed the procession. The men were given a splendid hand and were applauded at various times throughout the speeches, particularly when Mayor Reavis assured them that he was very certain the people appreciated fully their services to the city.

Assistant Chief Norris told how faithfully the men had worked on the latest piece of equipment and of their sincere interest generally in the work they have undertaken.

The exhibition drill that began with the sounding of the siren and that brought the city's four and two pieces of government apparatus tearing through the streets, was most creditable throughout and brought frequent applause from the spectators. Following the demonstration and the speeches the firemen served refreshments and hundreds of people later went to the City Hall to inspect their fire departments—particularly the new piece.

The regular meeting of the Order of the Eastern Star will be held Monday, February 2. All members are cordially invited.

Pastor Ogg Outlines Celebration Of Organization's 50th Anniversary

By REV. WILLIAM D. OGG, Bethany Church is featuring Christian Endeavor Day next Sunday. Christian Endeavor is 50 years old February 2nd. There are more Christian Endeavor Societies in more churches in more denominations in more nations than ever before.

It is the greatest movement ever launched for young people in the history of the church. It has given them the greatest leadership ever enjoyed. It has given the value of Christian training for definite whole time Christian service. It has challenged the young people of many lands to the highest ideals of consecration "for Christ and the Church," which is the great outstanding motto of Christian Endeavor. I will speak on this motto at Bethany Church on Sunday morning, J. O. Smith, past president of the California State Christian Endeavor Union, and F. R. D. Moore, past president of the Los Angeles Union, will speak on the value and aims of the Movement on Sunday evening.

HARRY LYONS MAKES OCEAN VOYAGE OUT OF A FLORIDA TRIP

Harry Lyons, of 80 E. Laurel avenue, is going to make a sea voyage out of a trip to Florida that he began today, for he will travel by steamer from Mobile to Tampa. As an employee of McGuire & Orr, Chicago, de luxe developers of residential property, Mr. Lyons sold many millions of dollars worth of real estate in Evanston, Wilmette, Kenilworth and Glencoe up the North Shore—the bedroom of Chicago's wealthy people. He expects to plat with S. R. G. Twycross on his return a fifteen acre scenic tract adjoining high class development here on Carter avenue. Coming here sick with acute bronchitis, Mr. Lyons has made a recovery he hopes to cinch by a sea voyage and much Florida fishing.

Mr. and Mrs. Fred Krinke, Mr. and Mrs. Peter Froelich, Mr. and Mrs. Fred Shaffer, Mrs. Charles Liemberg and Roy Warwick spent Sunday at Agua Caliente, Mexico.
